## WEEKLY FINANCIAL NEWS

Financing			Market Commentary
<b>CONV</b>	<b>RATE</b>	<b>APR</b>	<p>The housing data also remain positive. New home sales rose 16.6% in May to a 676,000-unit pace. While the increase was a bit more than expected, the prior month's data were revised lower, leaving the trend over the past three months close to the initial estimates. Builders are upbeat, however, with most reporting strong prospective buyer traffic. Existing home sales tumbled 9.7% in May. Existing homes are tallied when the transaction is completed at closing and lag purchase contracts, or pending sales, by one-to-two months. The May data reflect the March and April period, when the economy was largely shut down. One area that was particularly impacted was sales of condos and co-ops, which fell to the lowest level since sales have been tallied. Condo and co-op sales are heavily concentrated in the greater New York City area, South Florida and a handful of markets out West, where shutdowns were more comprehensive. Source: Wells Fargo Bank. ## WEEKLY FINANCIAL NEWS

Financing			Market Commentary
CONV	RATE	APR	<p>The housing data also remain positive. New home sales rose 16.6% in May to a 676,000-unit pace. While the increase was a bit more than expected, the prior month's data were revised lower, leaving the trend over the past three months close to the initial estimates. Builders are upbeat, however, with most reporting strong prospective buyer traffic. Existing home sales tumbled 9.7% in May. Existing homes are tallied when the transaction is completed at closing and lag purchase contracts, or pending sales, by one-to-two months. The May data reflect the March and April period, when the economy was largely shut down. One area that was particularly impacted was sales of condos and co-ops, which fell to the lowest level since sales have been tallied. Condo and co-op sales are heavily concentrated in the greater New York City area, South Florida and a handful of markets out West, where shutdowns were more comprehensive. Source: Wells Fargo Bank. ## WEEKLY FINANCIAL NEWS

Financing			Market Commentary
<b>CONV</b>	<b>RATE</b>	<b>APR</b>	<p>The housing data also remain positive. New home sales rose 16.6% in May to a 676,000-unit pace. While the increase was a bit more than expected, the prior month's data were revised lower, leaving the trend over the past three months close to the initial estimates. Builders are upbeat, however, with most reporting strong prospective buyer traffic. Existing home sales tumbled 9.7% in May. Existing homes are tallied when the transaction is completed at closing and lag purchase contracts, or pending sales, by one-to-two months. The May data reflect the March and April period, when the economy was largely shut down. One area that was particularly impacted was sales of condos and co-ops, which fell to the lowest level since sales have been tallied. Condo and co-op sales are heavily concentrated in the greater New York City area, South Florida and a handful of markets out West, where shutdowns were more comprehensive. Source: Wells Fargo Bank. Weekly Economic &amp; Financial Commentary</p>
<b>FHA</b>	<b>3.00%</b>	<b>3.28%</b>	
	<b>3.09%</b>	<b>3.55%</b>
