NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary					
CONV			The rapid rise in the fed funds rate (the upper bound sits at 3.25%) has put pressure on interest-rate sensitive sectors. Housing, in particular, has faltered as mortgage rates have climbed. The NAHB/Wells Fargo Housing Market Index, a measurement of home builder sentiment, slid three points to 46 in September—the ninth straight monthly decline. Notably, an HMI reading below 50 indicates that more builders report conditions as "poor" than those who see conditions as "good." The skid in builder sentiment mirrors the trend decline in home construction. Total housing starts surprised to the upside in August, increasing 12.2% over the month. Single-family starts rose 3.4% and multifamily starts increased 28%. Improving supply chain conditions likely increased building material availability during the month, allowing builders to move forward with projects already in the pipeline. Meanwhile, building-permits, a forward-looking indicator that leads housing starts by a couple of months, plummeted 10% in August. The drop in permits reflects the ongoing trend of builders tapping the brakes on construction in response to weaker demand and rising financing costs. NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary
CONV FHA			<p>The rapid rise in the fed funds rate (the upper bound sits at 3.25%) has put pressure on interest-rate sensitive sectors. Housing, in particular, has faltered as mortgage rates have climbed. The NAHB/Wells Fargo Housing Market Index, a measurement of home builder sentiment, slid three points to 46 in September—the ninth straight monthly decline. Notably, an HMI reading below 50 indicates that more builders report conditions as "poor" than those who see conditions as "good." The skid in builder sentiment mirrors the trend decline in home construction. Total housing starts surprised to the upside in August, increasing 12.2% over the month. Single-family starts rose 3.4% and multifamily starts increased 28%. Improving supply chain conditions likely increased building material availability during the month, allowing builders to move forward with projects already in the pipeline. Meanwhile, building-permits, a forward-looking indicator that leads housing starts by a couple of months, plummeted 10% in August. The drop in permits reflects the ongoing trend of builders tapping the brakes on construction in response to weaker demand and rising financing costs. NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary					
CONV			The rapid rise in the fed funds rate (the upper bound sits at 3.25%) has put pressure on interest-rate sensitive sectors. Housing, in particular, has faltered as mortgage rates have climbed. The NAHB/Wells Fargo Housing Market Index, a measurement of home builder sentiment, slid three points to 46 in September—the ninth straight monthly decline. Notably, an HMI reading below 50 indicates that more builders report conditions as "poor" than those who see conditions as "good." The skid in builder sentiment mirrors the trend decline in home construction. Total housing starts surprised to the upside in August, increasing 12.2% over the month. Single-family starts rose 3.4% and multifamily starts increased 28%. Improving supply chain conditions likely increased building material availability during the month, allowing builders to move forward with projects already in the pipeline. Meanwhile, building-permits, a forward-looking indicator that leads housing starts by a couple of months, plummeted 10% in August. The drop in permits reflects the ongoing trend of builders tapping the brakes on construction in response to weaker demand and rising financing costs.
