NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary				
CONV			The housing market was the primary focus of attention this week. Over the course of 2020, housing emerged as one of just a few bright spots in an otherwise horrible year. Driven by record-low mortgage rates and shifting preferences for more livable space to accommodate virtual activities, home sales, housing starts and builder confidence quickly recovered from the deep losses experienced during the lockdown months last spring. Housing starts jumped 5.8% during December. Single-family starts soared 12%, while multifamily starts dropped 13.6%. Total starts are running at a 1.67 million-unit pace, the strongest pace since 2006. Existing home sales rose 0.7% to a 6.76 million-unit pace in December. Mortgage applications for purchase are up 14.7% over the year as of January 15th. The NAHB Housing Market Index fell to 83 in January. Builder confidence remains exceptionally high, but the index has slipped in recent months alongside rising material prices and the latest COVID surge. Source: Wells Fargo Bank. 10 Yr Yield			1.05%
			The housing market was the primary focus of attention this week. Over the course of 2020, housing emerged as one of just a few bright spots in an otherwise horrible year. Driven by record-low mortgage rates and shifting preferences for more livable space to accommodate virtual activities, home sales, housing starts and builder confidence quickly recovered from the deep losses experienced during the lockdown months last spring. Housing starts jumped 5.8% during December. Single-family starts soared 12%, while multifamily starts dropped 13.6%. Total starts are running at a 1.67 million-unit pace, the strongest pace since 2006. Existing home sales rose 0.7% to a 6.76 million-unit pace in December. Mortgage applications for purchase are up 14.7% over the year as of January 15th. The NAHB Housing Market Index fell to 83 in January. Builder confidence remains exceptionally high, but the index has slipped in recent months alongside rising material prices and the latest COVID surge. Source: Wells Fargo Bank. NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary				
CONV	RATE 2.63%	APR 2.92%	The housing market was the primary focus of attention this week. Over the course of 2020, housing emerged as one of just a few bright spots in an otherwise horrible year. Driven by record-low mortgage rates and shifting preferences for more livable space to accommodate virtual activities, home sales, housing starts and builder confidence quickly recovered from the deep losses experienced during the lockdown months last spring. Housing starts jumped 5.8% during December. Single-family starts soared 12%, while multifamily starts dropped 13.6%. Total starts are running at a 1.67 million-unit pace, the strongest pace since 2006. Existing home sales rose 0.7% to a 6.76 million-unit pace in December. Mortgage applications for purchase are up 14.7% over the year as of January 15th. The NAHB Housing Market Index fell to 83 in January. Builder confidence remains exceptionally high, but the index has slipped in recent months alongside rising material prices and the latest COVID surge. Source: Wells Fargo Bank.
