NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary
CONV	RATE 2.50%	APR 2.99%	As strong as home sales have been, they would have likely been even stronger if there were more homes available for sale. Existing home sales rose 2.4% to a 6.0-million unit pace in August, which cut inventories 0.7% to 1.49-million units at the end of the month. The number of homes for sale is a whopping 18.6% below its year-ago level, while sales are up 10.5%. With demand surging and supply contracting, prices have soared. The median price of an existing home has risen 11.4% over the past year, and all four regions of the country posted double-digit-year-to-year price gains. The surge in home prices is fueling an affordability migration that will likely have lasting consequences. Data on migration trends lag considerably, but anecdotal reports from moving companies, as well as recent trends in new home sales, suggest there is a major movement from high-cost, large metro areas along the West Coast and Northeast to the South. The shift is most apparent in mid-sized metro area such as Austin, Nashville, Charlotte, Raleigh and Greenville. Large metro areas in the South are also benefitting, most notably Tampa, Atlanta and Dallas. The outlying counties of these large metros or exurbs share many of the characteristics of mid-sized metros and are clearly doing the best. Source: Wells Fargo Bank. NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary
CONV			
RATE			
2.50%			As strong as home sales have been, they would have likely been even stronger if there were more homes available for sale. Existing home sales rose 2.4% to a 6.0-million unit pace in August, which cut inventories 0.7% to 1.49-million units at the end of the month. The number of homes for sale is a whopping 18.6% below its year-ago level, while sales are up 10.5%. With demand surging and supply contracting, prices have soared. The median price of an existing home has risen 11.4% over the past year, and all four regions of the country posted double-digit-year-to-year price gains. The surge in home prices is fueling an affordability migration that will likely have lasting consequences. Data on migration trends lag considerably, but anecdotal reports from moving companies, as well as recent trends in new home sales, suggest there is a major movement from high-cost, large metro areas along the West Coast and Northeast to the South. The shift is most apparent in mid-sized metro area such as Austin, Nashville, Charlotte, Raleigh and Greenville. Large metro areas in the South are also benefitting, most notably Tampa, Atlanta and Dallas. The outlying counties of these large metros or exurbs share many of the characteristics of mid-sized metros and are clearly doing the best. Source: Wells Fargo Bank. NATIONAL BUILDER DIVISION

WEEKLY FINANCIAL NEWS

Financing			Market Commentary					
CONV	RATE 2.50%	APR 2.99%	As strong as home sales have been, they would have likely been even stronger if there were more homes available for sale. Existing home sales rose 2.4% to a 6.0-million unit pace in August, which cut inventories 0.7% to 1.49-million units at the end of the month. The number of homes for sale is a whopping 18.6% below its year-ago level, while sales are up 10.5%. With demand surging and supply contracting, prices have soared. The median price of an existing home has risen 11.4% over the past year, and all four regions of the country posted double-digit-year-to-year price gains. The surge in home prices is fueling an affordability migration that will likely have lasting consequences. Data on migration trends lag considerably, but anecdotal reports from moving companies, as well as recent trends in new home sales, suggest there is a major movement from high-cost, large metro areas along the West Coast and Northeast to the South. The shift is most apparent in mid-sized metro area such as Austin, Nashville, Charlotte, Raleigh and Greenville. Large metro areas in the South are also benefitting, most notably Tampa, Atlanta and Dallas. The outlying counties of these large metros or exurbs share many of the characteristics of mid-sized metros and are clearly doing the best. Source: Wells Fargo Bank.
